## About City Directory Circulation

**THE TRUE VALUE** of advertising circulation is circulation consulted.

**TO BE EXACT**—by actual survey in Canadian cities—for each City Directory, an average of three and one-half consultations were made for each business day.

**TO BE CONSERVATIVE** we will eliminate the sixty Sundays and Holidays when no tests were made.

**FOR EVERY THOUSAND DIRECTORIES** sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = \\ 1,067,500$$
